

Worry About Money

Turns money worry into what can be done now and what has to wait.

WHEN TO USE THIS

Use this at a time of day when you could actually make a call if you wanted to.

What money worry is loudest right now?

What is the real next step - one call, one form, one number to look up?

1.

2.

3.

4.

Who might help with this - a person, an office, a payment plan?

When it hits at 2 a.m., when nothing can be done, what will you do then?

Money worry is loudest in the hours when no office is open. That is not a sign it is worse.
